

**Working Well Together:
The Intersection of Public Health,
Safety and Community Development
in Milwaukee, WI**

June 2016

Developed and Supported by:

[The Healthier, Safer, More Prosperous Milwaukee group](#)

Prepared by:

Salma Abadin, MPH

Wisconsin Population Health Service Fellow

Healthier, Safer, More Prosperous Milwaukee Group

June, 2016

Healthier, Safer, More Prosperous Milwaukee is a group of committed leaders and practitioners that emerged in 2014 to advance cross-sector community-informed policies and practices that enhance safety, health, and development in Milwaukee neighborhoods and beyond. Core partners of the effort represent the Federal Reserve Bank, the Wisconsin Center for Health Equity, the District Attorney's and Public Defender's offices, Data You Can Use, the City of Milwaukee Health Department, Local Initiatives Support Corporation (LISC), the United States Department of Housing and Urban Development Milwaukee Field Office, the Milwaukee Police Department, and the Community Justice Council.

The purpose of this group is promoting shared understanding, fostering cross-sector alignments, and shaping strategic solutions so **all** Milwaukee neighborhoods and communities thrive. Examples of the partnership's accomplishments include:

- Hosting three ["World Café" style conversations](#) involving nearly 90 community partners (October 2014)
- Co-convening a Healthy Communities Regional Summit with the Federal Reserve Bank of Chicago (December 2014)
- Supporting the development of *An Agenda for a Safer Wisconsin* to advocate policy changes (January 2015)
- Organizing a dialogue driven by community members at a LISC forum (March 2015)
- Participating in the development of a MacArthur Foundation Grant (January 2016)
- Completing and releasing the inventory, *Working Well Together: The Intersection of Public Health, Safety and Community Development in Milwaukee, WI* (March 2016)
- Exploring opportunities to collaborate with other leaders involved in similar initiatives across the country (ongoing)

This group will continue to be curious, engage in continuous learning, and follow necessary preconditions for successful collaborative work among historically disconnected sectors in Milwaukee.

Healthier, Safer, More Prosperous Milwaukee acknowledges the University of Milwaukee, Joseph J Zilber School of Public Health for its early leadership in convening and staffing the group and facilitating the World Cafés in 2014, BMO Harris for their support of the World Cafés, and the Greater Milwaukee Foundation for hosting the World Cafés.

Purpose, Methods and Use of the Inventory

Working Well Together: The Intersection of Public Health, Safety and Community Development in Milwaukee, WI is intended to serve as a resource that describes the work of agencies and programs working well at the intersection of several sectors in Milwaukee. The inventory is a step towards identifying potential partners and resources, learning with each other, and discovering opportunities to leverage resources to secure a healthier, safer, and more prosperous Milwaukee.

The 45 agencies and programs included in this document were identified at a series of meetings and events, including three “World Café” style sessions and a forum hosted by LISC. Attendees at these events represented a variety of organizations, including: the District Attorney’s Office, the Office of the State Public Defender, the Milwaukee Police Department, the Milwaukee Health Care Partnership, the City of Milwaukee Health Department, the Housing Authority of the City of Milwaukee, and the Office of the Mayor, among many others.

A survey was developed and distributed to the identified agencies and programs, and participants completed it online, in-person, or over the phone between July and October 2015. The inventory is available online at the [Wisconsin Center for Health Equity](#) and [IMPACT, Inc.](#)

The inventory is organized by type of service (direct or indirect) offered by each agency or program for ease of use and function. Please note that the organization of the document does not place more value on one type of service over another.

Each agency or program was asked to indicate the primary sector(s) in which it focuses. This is represented by symbols, defined on the following page, located on the top right corner of the agency or program’s page in the inventory.

Terminology

The following list includes key terms that are used in the inventory.

Sectors:

Public Health – fulfilling society’s interest in assuring conditions and eliminating health disparities so all people can be healthy (adapted from [Institute of Medicine 1988 report](#) and the [Centers for Disease Control and Prevention](#))

Healthcare – the consistent use of the leadership knowledge, skills, and expertise by a healthcare provider to identify, engage, and elicit from each team member the set of training, experience, and qualifications needed to deliver services to prevent, treat, and manage illness and preserve physical and mental well-being (adapted from the [American Medical Association](#) and the American Heritage Medical Dictionary)

Criminal Justice – a system of agencies and processes with the purpose of protecting individuals and communities through law enforcement, prosecution, defense attorneys, courts, and corrections (adapted from the [National Center for Victims of Crime](#))

Public Safety – the extent to which persons and property are free from threat or risk of harm (adapted from [Wisconsin’s 1996 Governor’s Task Force on Sentencing and Corrections](#))

Community Development – building stronger and more resilient communities through an ongoing process of identifying and addressing needs, assets, and priority investments ([U.S Department of Housing and Urban Development](#))

Economic Development – enhancing competitiveness, increasing sustainable growth, and ensuring that growth is inclusive ([World Bank](#))

Indirect Services:

Advocacy – championing the rights of society’s most vulnerable members ([National Association of Social Workers](#))

Policy –an authoritative tool focused on action to help address identified goals or problems (adapted from [Caledon Institute of Social Policy](#) and the [University of Sydney](#))

Coordination – the organization of multiple parts in an effort to work together to achieve a common goal

Assessment – the process of gathering accurate and reliable information prior to taking action on issues to determine current needs and assets

Evaluation – a systematic process to determine merit, worth, value, or significance ([American Evaluation Association](#))

Byrne Grant

Mission Statement

The main objective of the Byrne Grant was to create a safe neighborhood and environment. The team wanted to engage with the community throughout the processes of planning and implementation. All interventions had to be evidence-based. Ultimately, the goal was to create an increase in neighborhood quality of life through community development projects.

Description of Organization

A working team was established and included Washington Park Partners, Community Prosecution Unit, Safe and Sound, and LISC to engage the community to improve quality of life in a neighborhood. Social cohesion events such as ice cream socials were organized to bring law enforcement to meet community members. Problem-solving meetings were a way to have a conversation with the community. A community curriculum developed based on lessons learned and tools held by stakeholders was then shared with communities.

Journey House, Inc.

Mission Statement

Journey House empowers families living on Milwaukee's near Southside to move out of poverty by offering adult education, workforce readiness, youth development, and family engagement programs.

Description of Organization

Since 1969, Journey House has been committed to working with low-income youth and adults in the Clarke Square community to prepare them with the skills needed to move their families out of generational poverty. They achieve their mission through three methods: education, relationship building, and exposure. Journey House programs develop top talent through education and character development, reduce unemployment and crime, strengthen families, and revitalize neighborhoods.

JusticePoint

Mission Statement

JusticePoint promotes evidence-based and informed criminal justice programs, practices and policies.

Description of Organization

The Universal Screening Program utilizes a validated pretrial risk assessment instrument to assess every person who is booked into the Milwaukee County Jail and subject to a bail setting decision. This risk assessment attempts to predict pretrial misconduct, which is defined as risk to fail to appear or re-arrest. The program additionally screens individuals for other criminal justice interventions, mental health and substance abuse.

Mercy Housing Lakefront

Mission Statement

Mercy Housing Lakefront (MHL) creates stable, vibrant and healthy communities by developing, financing, and operating affordable, program-enriched housing for families, seniors and people with special needs who lack the economic resources to access quality, safe housing opportunities.

Description of Organization

MHL is one of the largest and most innovative community development organizations in the Chicago and Milwaukee regions. MHL has developed and manages 28 affordable rental properties enabling over 4,000 people to live in hope. This work enables working families to overcome poverty, seniors to stay independent, kids to do better in school, and the homeless to escape the streets.

Milwaukee Habitat for Humanity

Mission Statement

Milwaukee Habitat for Humanity (MHFH) seeks to put God's love into action by bringing people together to build homes, communities and hope.

Description of Organization

MHFH combats the housing crisis in Milwaukee by building and rehabbing homes in distressed neighborhoods. MHFH partners with families that would not typically qualify for a traditional mortgage. Partner families purchase their home from MHFH at a zero-interest mortgage rate. MHFH recycles the principal portion of the payment back into its program to build more affordable homes. In addition to new construction, MHFH renovates existing homes through its Home Preservation program.

Opening Avenues to Reentry Success

Mission Statement

Opening Avenues to Reentry Success (OARS) aims to reduce recidivism and revocation rates through specialized supervision and individualized case management.

Description of Organization

OARS is a program to help inmates who have mental health conditions transition back into the community. The goal of the program is to connect individuals to resources in the community, such as housing, medication, and counseling. Each person's support will be different depending on their individual needs. Overall, the OARS program will help participants to be successful in the community.

PEARLS for Teen Girls

Mission Statement

PEARLS for Teen Girls is improving quality of life and strengthening the community one girl at a time by empowering young women with self-development tools, guidance and support to strive for better, brighter futures by living out the PEARLS values: Personal Responsibility, Empathy, Awareness, Respect, Leadership and Support.

Description of Organization

PEARLS programs are girls-only, safe-space gatherings that meet once weekly after school, during school or on Saturdays at local schools and youth serving organizations. A typical PEARLS group serves 20 to 25 girls. A typical PEARLS session features a guided conversation led by one highly trained Adult Program Coordinator. Topics might include school, relationships with family, friends and boys, careers, health or whatever the girls identify as pressing issues for them.

Progressive Community Health Centers

Mission Statement

Progressive Community Health Centers aim to improve the health and quality of life of the community by providing culturally competent services that address identified needs.

Description of Organization

The health centers provide primary medical and dental care, as well as behavioral health services. There are two clinics, the Lisbon Avenue Health Center and the Hillside Family Health Center. The Hillside clinic has primary medical care only. The health centers serve all people, regardless of ability to pay, and will help enroll them in Medicaid or the marketplace if they qualify.

Sixteenth Street Clinic

Mission Statement

Sixteenth Street Clinic provides health care and supportive services to Milwaukee's Southside free of linguistic, cultural, and economic barriers.

Description of Organization

The Department of Environmental Health has two major program areas. The childhood lead poisoning program serves 900-1000 families and conducts 450-600 home visits annually. The program helps to address exposure risks in the home, link with city's primary prevention program, and coordinate screenings. The sustainable development program focuses on community development in order to build an understanding of a place in a localized way.

Sojourner Family Peace Center

Mission Statement

Sojourner's mission is to transform lives impacted by domestic violence.

Description of Organization

Sojourner Family Peace Center ("Sojourner") was formed in February 2009 after the successful merger of two Milwaukee-area domestic violence service providers, Sojourner Truth House and the Task Force on Family Violence. This merger has resulted in the largest non-profit provider of domestic violence prevention and intervention services in Wisconsin, serving more than 9,000 greater Milwaukee area residents annually.

St. Ann Center for Intergenerational Care

Mission Statement

St. Ann Center for Intergenerational Care provides community-based health and educational services for children, adults, the elderly and those with disabilities, while serving as a resource and support for caregivers. St. Ann's brings all ages together—from six weeks old to 100+. Youngsters learn to respect and socialize with all types of people, and older adults delight to the sight and sounds of children, improving their physical and mental health and sense of self-worth while making dozens of young, loving friends. The Center, sponsored by the Sisters of St. Francis of Assisi, reflects Franciscan values in meeting the spiritual, psychological, social and physical needs of all who participate, regardless of faith, culture or ability to pay.

Description of Organization

St. Ann Center provides health, wellness and educational services for all ages and abilities. The Center is a resource for and supports caregivers by caring for their loved ones' needs during the day.

Take Root Milwaukee

Mission Statement

The purpose of Take Root Milwaukee is to preserve and promote sustainable, diverse neighborhoods by encouraging and maintaining homeownership. The Members of Take Root Milwaukee believe this can be accomplished by: marketing trustworthy homeownership resources to the public; elevating awareness of homeownership education, products and services; increasing the community's access to effective homeownership education and counseling resources; and serving as a clearinghouse for challenges and opportunities in homeownership.

Description of Organization

Take Root Milwaukee is a consortium of over 56 individuals and groups active in the homeownership sector such as housing counseling agencies, financial institutions, realtors, local government, neighborhood organizations and other community partners – all working together to promote sustainable homeownership. The Urban Economic Development Association of Wisconsin serves as the administrative & fiscal agent for TRM. Take Root connects people to individual service providers but they can connect through a hotline or website.

TLS Behavioral Health Crisis Resource Centers

Mission Statement

TLS Behavioral Health Crisis Resource Centers (CRCs) promote mental health recovery and independence by providing integrated medical, psychiatric, and social services to address the needs of the whole person.

Description of Organization

TLS CRCs provide a safe, welcoming place for adults experiencing a psychiatric episode to voluntarily receive crisis intervention services and to begin the recovery process. CRCs are a community-based alternative to an emergency room visit, inpatient hospitalization and step-down stabilization from acute inpatient hospitalization.

Washington Park Partners

Mission Statement

The Washington Park Partners is a collaboration of residents, organizations, and businesses working to make its community a wonderful place to live, work, and play.

Description of Organization

In 2010, the neighborhood held a planning event to begin the process of shaping the next five years in Washington Park Partners' history. Seven themes emerged, which became the basis of seven planning committees. Since that time, seven action committees and a steering committee have guided the planning and implementation process by preparing detailed plans for the following areas: Arts & Culture, Education, Health & Wellness, Housing, Jobs & Business, The Park, and Safety.

Wisconsin Community Services - Milwaukee Day Report Center

Mission Statement

Wisconsin Community Services advocates for justice and community safety, providing innovative opportunities for individuals to overcome adversity.

Description of Organization

The Milwaukee Day Report Center is an alternative to incarceration for nonviolent pretrial DPAs and sentenced misdemeanor and felony offenders. The desired outcome is to divert offenders from jail into a community alternative while maintaining public safety and reducing detention costs. The goal is to effectively treat and supervise offenders by addressing criminogenic risks and needs.

Wisconsin Department of Children and Families

Mission Statement

The Wisconsin Department of Children and Families (DCF) strives to improve the economic and social well-being of Wisconsin’s children, youth and families. The Department is committed to protecting children and youth, strengthening families, and supporting communities

Description of Organization

DCF’s five overarching goals are: children are nurtured, safe and engaged; enhance prevention and early intervention efforts throughout Wisconsin; families have access to quality early care and education; parents secure and maintain meaningful jobs; and fathers are more engaged in the lives of their children. While DCF is a statewide agency serving all of Wisconsin, two units within the Department exclusively serve Milwaukee County:

DCF’s Division of Milwaukee Child Protective Services (DMCPS) works with families to ensure the safety and well-being of children. In collaboration with community partners, DMCPS provides services to families in crisis to help keep children safely in the home. When necessary, DMCPS relies on foster and adoptive families to provide appropriate temporary and permanent homes for children who cannot live with their parents. DMCPS contracts with private partner agencies for ongoing case management, foster parent licensing, and intensive in-home services; for family intervention and support services; and for supervised visitation services.

DCF’s Division of Early Care & Education, Bureau of Milwaukee Early Care Administration (MECA) works to provide families access to affordable, high-quality child care and early education experiences that enhance children’s development, and to support families in their work and parenting roles in Milwaukee County. Staff works closely with the community to provide subsidy authorizations for working parents; support licensed and certified child care providers in Milwaukee County via subsidy payment processing; train, certify and monitor family child care providers; and prevent program fraud and reduce improper payments due to agency or client error.

In addition, the Milwaukee-based Office of Urban Development provides liaison services for DCF on issues related to community outreach and economic security.

Wisconsin State Public Defender

Mission Statement

The mission of the Wisconsin State Public Defender's (SPD) office is (1) to promote justice throughout Wisconsin by providing high-quality legal services, protecting individual rights, and advocating as a criminal justice partner for effective defender services and a fair and rational criminal justice system, and (2) to provide legal representation for indigent people charged with crimes and subject to a variety of related legal problems.

Description of Organization

The SPD is an independent, executive-branch state agency that ensures Wisconsin meets its constitutional requirement of providing legal representation to the indigent across the state. In Milwaukee, there are two offices providing trial level representation - one for adults and another handling juvenile delinquency, mental health commitments and certain matters involving families. The Milwaukee Trial Office has about 60 Attorneys and 40 support staff. There is also an office providing representation in the appellate courts.

Community Access to Recovery Services Wiser Choice

Mission Statement

Community Access to Recovery Services (CARS) — a branch of the Behavioral Health Division — provides a full array of supportive, recovery-oriented services for persons with severe and persistent mental illness and/or issues with alcohol or other drug abuse (AODA). CARS serves over 10,000 Milwaukee County residents each year through its SAIL and Wiser Choice programs, which work together to ensure that individuals receive trustworthy, high quality, reliable services for mental health and/or AODA needs.

Description of Organization

Wiser Choice is Milwaukee County's public alcohol and drug treatment & recovery service system. Partnerships with community partners have expanded choice of providers for treatment & recovery support services. Wiser Choice is open to County residents ages 18-59 with a history of AODA, with priority given to families with children and pregnant women (regardless of age). Individuals may access the Wiser Choice system by visiting one of the Central Intake Units.

Community Advocates Public Policy Institute

Mission Statement

Reducing poverty through sound policy that is well-implemented.

Description of Organization

Community Advocates Public Policy Institute (CA-PPI) works on policy to reduce poverty. The Institute convenes the Milwaukee Transitional Jobs Collaborative. Approximately 25 organizations have been working since late 2009 to secure resources for Transitional Jobs (TJs) and see that those resources are well-used. TJs are short-term, subsidized jobs aimed at getting marginalized jobseekers into productive work. Good progress has been made with Transform Milwaukee Jobs Program, providing approximately 500 transitional jobs per annum in Milwaukee but the need is greater.

Milwaukee County District Attorney's Office - Milwaukee County Early Intervention Program and Community Prosecution Unit.

Mission Statement

The mission of the Milwaukee County District Attorney's Office is to promote public peace and safety by just and vigorous prosecution; to seek and to do impartial justice by ensuring that the guilty are punished and the innocent go free; to protect the health and welfare of children who are victims of child abuse and neglect; and to safeguard the rule of law and to promote citizens' participation in law enforcement by treating all persons who come in contact with the criminal justice system with fairness, dignity, and respect.

Description of Organization

Milwaukee County offers the opportunity for some defendants, under appropriate circumstances, to participate in one of several early intervention programs. The purpose of these early intervention programs is to maximize the opportunity to support and encourage prosocial attitudes and behaviors among those who become involved in the justice system, while minimizing the potential negative consequences that may accrue to an individual involved in the system.

Safe & Sound

Mission Statement

Safe & Sound unites residents, youth, law enforcement and community resources to build safe and empowered neighborhoods.

Description of Organization

Safe & Sound's vision is a safe neighborhood for everyone in Milwaukee. To do this, residents must be empowered to address neighborhood safety. Their community organizers and youth organizers work to build adult and youth resident engagement and capacity. Law enforcement is a necessary partner in building safe neighborhoods, and Safe & Sound works to build positive relationships between the community and law enforcement. The staff serve as liaisons between the community and law enforcement partners.
